

PPI Project Template

1. Project background

(include any research / PPI work already undertaken)

2. What do we want to understand by doing this work?

We want to understand:

- XX
- YY

3. What do we specifically want to know from people (public, patients, carers)?

4. What do we need people's views for? (What will this influence?)

5. What is the suggested approach to this work?

Use the [Good Practice Guide](#) to help think this through.

6. What resources do we need to do this work? What are the timeframes?

The list below are suggestions and not an exhaustive.

- *Research and review what has been done elsewhere/ previously*
- *Design of the patient involvement*
- *Recruitment of people*
- *Collect data (ethics)*
- *Expenses*
- *Analysis and report writing*
- *Evaluation of the process and feedback to those involved*
- *Communications support*

Timeframe	Activity	Lead	£/resources

7. Considerations for recruitment of people

The list below are suggestions and not an exhaustive.

- *Variety of experiences / diagnosis/ experience etc / inclusion of carers*
- *Geographical split (rural vs conurbation)*
- *Equality and diversity differences in experiences*
- *Time since treatment / experience*

8. How will we know if this has made a difference?

What questions do you have for the Wessex Voices Steering Group?

1. Delete if not applicable
